BRIDLEWORK & ACCESSORIES 2015

Bridle making is an intricate and skilled art which sits perfectly alongside our saddle making skills within in our Walsall factory and allows us the flexibility to offer you custom sizes and styles as required. We still take great pride in being able to stamp 'Handcrafted in England' on all of the saddlery items that we produce, our bridle makers are true artisans and pour hours of passion into producing exquisite items to complement our range of bridlwork, girths and stirrup leathers.

You can be sure of our products as our designers are also riders themselves and understand the demands and requirements of the products that we produce. They spend many hours in the designing, testing and perfecting of the products before they are offered to you.

- Handstitched reinforced billet ends
- Stainless steel fittings
- Proudly handcrafted in England

A close-up, high-angle photograph of several dark-colored leather stirrups. The stirrups are arranged in a slightly overlapping, diagonal pattern. The leather has a fine, pebbled texture, and the stitching is visible along the edges of each piece. The lighting is dramatic, with deep shadows and highlights that emphasize the texture and form of the leather.

STIRRUP LEATHERS

STIRRUP LEATHERS

- Wrapped stirrup leathers
- Soft premium hide
- Reinforced webbing lining
- Non-stretch

Colours available:

- Black
- Cocoa
- Claret
- Cognac

Bridle leathers contain different properties to saddle leather and therefore an exact colour match to saddles cannot always be guaranteed

Sizes:

Bridles are offered in Pony, Cob, Full and Extra Full in 5/8" standard cheek widths

Girths are available from 18" through to 56" (2" increments)

Stirrup leathers are available in 54"/137cm and 57"/145cm (1" width)

Custom options:

We are able to offer many custom options outside of our regular collection.

- Contrasting padding for noseband/brow/headpiece
- Contrasting stitching colour
- Custom sizing
- Wider nosebands
- Swarovski elements
- Patent leather

Other bridework:

We are able to offer a wider selection of nosebands including: crank, figure 8/grackle, drop

All of our nosebands are interchangeable with the dual buckle system

Belts:

Belts are always measured for length to the centre hole
